## **Special Guest Speaker: Claire Culwell**

Claire Culwell is an abortion survivor with a miraculous story. When her mother became pregnant at age 13, she had an abortion, but weeks later realized she was still pregnant. It turns out she had had twins, and only one of the fetuses was aborted, leaving Claire as a survivor. Claire's mother gave birth to her, and Claire was adopted shortly after. Today, Claire shares her miracle testimony nationally and internationally for churches, fundraising banquets, and college events. She has also been featured in the national media on Fox News and other news outlets.
